Big Power. Smooth Operation. Built to Last.
Take on your toughest jobs with the **LOVOL FR200E2** — a 21-ton powerhouse designed for performance, durability, and operator comfort. Whether you're digging, lifting, or loading, this machine delivers the strength you need and the control you want.
Powered by a reliable **ISUZU turbocharged engine**, it features advanced hydraulics for fast, efficient work and reduced fuel consumption. The reinforced structure and heavy-duty undercarriage mean it's built to handle years of hard use.
Inside, operators will find a spacious, comfortable cab with easy-to-use controls, air conditioning, and low noise levels — perfect for long days on the job. Maintenance is simple too, with ground-level access and smart diagnostic tools that save you time and money.

Work Smarter, Not Harder

From large-scale excavation to demanding site work, the **FR200E2** gives you the edge in power, performance, and reliability.
